

Soil Health Card

Certified by: Unikisan AgroTech Private Limited

General Information

- District: Nagpur
- Villages: Deoli Gujar, Sukdi
- Group of Farmers: 50
- Soil Type: Heavy,
- Soil Colour: Black
- Certification Stage: L1

Soil Nutrient Analysis

Ph	8.26
Oc	0.34
Ec	0.14
Nitrogen (N)	152 Kg/H
Phosphorus	25 Kg/H
Potash	250 Kg/H
C/N Ratio	8:01

Conclusion: Soil is under Organic Conversion (L1) for two reasons

1. Oc (Organic Carbon) < 0.5
2. C/N (Carbon/Nitrogen) ratio < 10:1

Remark: The above data represents average historical values based on the Soil Health Card report issued by the registered laboratory of Dr. P.D.K.V. College of Agriculture, Nagpur.
